

Curriculum	Micro-Learning	Topic	Length	Short Product Description
Caught-In/Between Hazards in Construction	What are 'Caught-in/Between' Hazards?	Caught-In/Between Hazards	1:11	MARCOM's Micro-Learning program on "Caught-In/Between Hazards in Construction Environments: What are 'Caught-In/Between' Hazards?" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Caught-In/Between Hazards in Construction Environment	Three Types of Caught-in/Between Hazards	Caught-In/Between Hazards	2:23	MARCOM's Micro-Learning program on "Caught-In/Between Hazards in Construction Environments: Three Types of Caught-in/Between Hazards" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Caught-In/Between Hazards in Construction	Trenching, Scaffolding and Demolition	Caught-In/Between Hazards	2:29	MARCOM's Micro-Learning program on "Caught-In/Between Hazards in Construction Environments: Trenching, Scaffolding and Demolition" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Caught-In/Between Hazards in Construction	Vehicles and Heavy Equipment	Caught-In/Between Hazards	2:39	MARCOM's Micro-Learning program on "Caught-In/Between Hazards in Construction Environments: Vehicles and Heavy Equipment" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Caught-In/Between Hazards in Construction	Powered Tools and Machinery	Caught-In/Between Hazards	2:06	MARCOM's Micro-Learning program on "Caught-In/Between Hazards in Construction Environments: Powered Tools and Machinery" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Crane Safety in Construction Environment	OSHA Regulations	Crane Safety	2:40	MARCOM's Micro-Learning program on "Crane Safety in Construction Environments: OSHA Regulations" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Crane Safety in Construction Environment	Types of Cranes	Crane Safety	0:40	MARCOM's Micro-Learning program on "Crane Safety in Construction Environments: Types of Cranes" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Crane Safety in Construction Environment	Getting Started	Crane Safety	4:41	MARCOM's Micro-Learning program on "Crane Safety in Construction Environments: Getting Started" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.

Curriculum	Micro-Learning	Topic	Length	Short Product Description
Crane Safety in Construction Environment	Rigging the Load	Crane Safety	2:16	MARCOM's Micro-Learning program on "Crane Safety in Construction Environments: Rigging the Load" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Crane Safety in Construction Environment	Lifting, Moving and Landing	Crane Safety	2:17	MARCOM's Micro-Learning program on "Crane Safety in Construction Environments: Lifting, Moving and Landing" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Dealing with Drug and Alcohol Abuse... for Employees in	Substances That Are Often Abused	Drug & Alcohol Abuse	2:05	MARCOM's Micro-Learning program on "Dealing with Drug and Alcohol Abuse... for Employees in Construction Environments : Substances That Are Often Abused" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Dealing with Drug and Alcohol Abuse... for Employees in	Alcohol, Marijuana and Other Depressants	Drug & Alcohol Abuse	2:44	MARCOM's Micro-Learning program on "Dealing with Drug and Alcohol Abuse... for Employees in Construction Environments : Alcohol, Marijuana and Other Depressants" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Dealing with Drug and Alcohol Abuse... for Employees in	Stimulants and Narcotics	Drug & Alcohol Abuse	2:14	MARCOM's Micro-Learning program on "Dealing with Drug and Alcohol Abuse... for Employees in Construction Environments : Stimulants and Narcotics" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Dealing with Drug and Alcohol Abuse... for Employees in	How People Get Hooked	Drug & Alcohol Abuse	1:42	MARCOM's Micro-Learning program on "Dealing with Drug and Alcohol Abuse... for Employees in Construction Environments : How People Get Hooked" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Dealing with Drug and Alcohol Abuse... for Employees in	Drug Dependency	Drug & Alcohol Abuse	1:29	MARCOM's Micro-Learning program on "Dealing with Drug and Alcohol Abuse... for Employees in Construction Environments : Drug Dependency" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.

Curriculum	Micro-Learning	Topic	Length	Short Product Description
Dealing with Drug and Alcohol Abuse... for Employees in	Becoming a Substance Abuser	Drug & Alcohol Abuse	1:24	MARCOM's Micro-Learning program on "Dealing with Drug and Alcohol Abuse... for Employees in Construction Environments : Becoming a Substance Abuser" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Dealing with Drug and Alcohol Abuse... for Employees in	Alcohol and Drug Policies	Drug & Alcohol Abuse	2:46	MARCOM's Micro-Learning program on "Dealing with Drug and Alcohol Abuse... for Employees in Construction Environments : Alcohol and Drug Policies" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Dealing with Drug and Alcohol Abuse... for Employees in	Overcoming Substance Abuse	Drug & Alcohol Abuse	1:22	MARCOM's Micro-Learning program on "Dealing with Drug and Alcohol Abuse... for Employees in Construction Environments: Overcoming Substance Abuse" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Dealing with Drug and Alcohol Abuse... for Managers &	How Substances Can Affect a Workplace	Drug & Alcohol Abuse	1:53	MARCOM's Micro-Learning program on "Dealing with Drug and Alcohol Abuse... or Managers & Supervisors in Construction Environments: How Substances Can Affect a Workplace" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Dealing with Drug and Alcohol Abuse... for Managers &	What Substances Are Abused	Drug & Alcohol Abuse	1:51	MARCOM's Micro-Learning program on "Dealing with Drug and Alcohol Abuse... or Managers & Supervisors in Construction Environments: What Substances Are Abused" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Dealing with Drug and Alcohol Abuse... for Managers &	Laws You Need to Know About	Drug & Alcohol Abuse	2:46	MARCOM's Micro-Learning program on "Dealing with Drug and Alcohol Abuse... or Managers & Supervisors in Construction Environments: Laws You Need to Know About" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.

Curriculum	Micro-Learning	Topic	Length	Short Product Description
Dealing with Drug and Alcohol Abuse... for Managers &	Creating an Alcohol and Drug-Free Workplace	Drug & Alcohol Abuse	2:02	MARCOM's Micro-Learning program on "Dealing with Drug and Alcohol Abuse... or Managers & Supervisors in Construction Environments: Creating an Alcohol and Drug-Free Workplace" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Dealing with Drug and Alcohol Abuse... for Managers &	Substance Abuse Education and Testing	Drug & Alcohol Abuse	2:56	MARCOM's Micro-Learning program on "Dealing with Drug and Alcohol Abuse... or Managers & Supervisors in Construction Environments: Substance Abuse Education and Testing" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Dealing with Drug and Alcohol Abuse... for Managers &	Recognizing On-The-Job Substance Abuse	Drug & Alcohol Abuse	2:48	MARCOM's Micro-Learning program on "Dealing with Drug and Alcohol Abuse... or Managers & Supervisors in Construction Environments: Recognizing On-The-Job Substance Abuse" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Dealing with Drug and Alcohol Abuse... for Managers &	Handling Substance Abuse Situations	Drug & Alcohol Abuse	1:53	MARCOM's Micro-Learning program on "Dealing with Drug and Alcohol Abuse... or Managers & Supervisors in Construction Environments: Handling Substance Abuse Situations" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Electrocution Hazards in Construction Part I	Electrical Hazards and Electrocution	Electrocution Hazards	3:51	MARCOM's Micro-Learning program on "Electrocution Hazards in Construction Part I: Electrical Hazards and Electrocution" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Electrocution Hazards in Construction Part I	Major Types of Electrocution Hazards	Electrocution Hazards	4:08	MARCOM's Micro-Learning program on "Electrocution Hazards in Construction Part I: Major Types of Electrocution Hazards" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Electrocution Hazards in Construction Part I	Power Lines and GFCIs	Electrocution Hazards	3:22	MARCOM's Micro-Learning program on "Electrocution Hazards in Construction Part I: Power Lines and GFCIs" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.

Curriculum	Micro-Learning	Topic	Length	Short Product Description
Electrocution Hazards in Construction Part I	Power Tools, Extension Cords and Lock-Out/Tag-Out	Electrocution Hazards	7:47	MARCOM's Micro-Learning program on "Electrocution Hazards in Construction Part I: Power Tools, Extension Cords and Lock-Out/Tag-Out" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Electrocution Hazards in Construction Part II	Electrical Hazards and Electrocution	Electrocution Hazards	3:01	MARCOM's Micro-Learning program on "Electrocution Hazards in Construction Part II: Electrical Hazards and Electrocution" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Electrocution Hazards in Construction Part II	Power Lines, Isolation and AEGCPs	Electrocution Hazards	5:36	MARCOM's Micro-Learning program on "Electrocution Hazards in Construction Part II: Power Lines, Isolation and AEGCPs" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Electrocution Hazards in Construction Part II	Tools and Equipment, Lock-Out/Tag-Out and Employee Training	Electrocution Hazards	3:29	MARCOM's Micro-Learning program on "Electrocution Hazards in Construction Part II: Tools and Equipment, Lock-Out/Tag-Out and Employee Training" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Eye Safety in Construction Environments	Preventing Eyestrain	Eye Safety	2:41	MARCOM's Micro-Learning program on "Eye Safety in Construction Environments: Preventing Eyestrain" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Eye Safety in Construction Environments	Protecting Against Particles and Splashes	Eye Safety	2:38	MARCOM's Micro-Learning program on "Eye Safety in Construction Environments: Protecting Against Particles and Splashes" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Eye Safety in Construction Environments	Avoiding Radiation Hazards	Eye Safety	2:47	MARCOM's Micro-Learning program on "Eye Safety in Construction Environments: Avoiding Radiation Hazards" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Eye Safety in Construction Environments	What to Do in Case of an Eye Injury	Eye Safety	2:21	MARCOM's Micro-Learning program on "Eye Safety in Construction Environments: What to Do in Case of an Eye Injury" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.

Curriculum	Micro-Learning	Topic	Length	Short Product Description
Fall Protection in Construction Environment	The Basics	Fall Protection	2:06	MARCOM's Micro-Learning program on "Fall Protection in Construction Environments: The Basics" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Fall Protection in Construction Environment	Sticking to the Plan	Fall Protection	2:25	MARCOM's Micro-Learning program on "Fall Protection in Construction Environments: Sticking to the Plan" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Fall Protection in Construction Environment	Personal Protection	Fall Protection	4:27	MARCOM's Micro-Learning program on "Fall Protection in Construction Environments: Personal Protection" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
First Aid in Construction Environments	Eye Injuries	First Aid	1:59	MARCOM's Micro-Learning program on "First Aid in Construction Environments: Eye Injuries" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
First Aid in Construction Environments	Cuts, Burns and Abrasions	First Aid	2:39	MARCOM's Micro-Learning program on "First Aid in Construction Environments: Cuts, Burns and Abrasions" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
First Aid in Construction Environments	Strains, Sprains, Fractures and Shock	First Aid	2:26	MARCOM's Micro-Learning program on "First Aid in Construction Environments: Strains, Sprains, Fractures and Shock" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
First Aid in Construction Environments	Heart Attack and Cardiac Arrest	First Aid	2:04	MARCOM's Micro-Learning program on "First Aid in Construction Environments: Heart Attack and Cardiac Arrest" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
First Aid in Construction Environments	Choking	First Aid	2:17	MARCOM's Micro-Learning program on "First Aid in Construction Environments: Choking" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.

Curriculum	Micro-Learning	Topic	Length	Short Product Description
First Aid in Construction Environments	Heat-Related Illnesses	First Aid	2:07	MARCOM's Micro-Learning program on "First Aid in Construction Environments: Heat-Related Illnesses" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
GHS Container Labeling in Construction	How the GHS Changes Labels	GHS	2:32	MARCOM's Micro-Learning program on "GHS Container Labeling in Construction Environments: How the GHS Changes Labels" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
GHS Container Labeling in Construction	GHS Text Elements	GHS	1:35	MARCOM's Micro-Learning program on "GHS Container Labeling in Construction Environments: GHS Text Elements" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
GHS Container Labeling in Construction	GHS Pictograms	GHS	2:28	MARCOM's Micro-Learning program on "GHS Container Labeling in Construction Environments: GHS Pictograms" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
GHS Container Labeling in Construction	Training and Phase-In Dates	GHS	2:51	MARCOM's Micro-Learning program on "GHS Container Labeling in Construction Environments: Training and Phase-In Dates" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
GHS Safety Data Sheets in Construction	Material Safety Data Sheets and GHS SDS	GHS	3:24	MARCOM's Micro-Learning program on "GHS Container Labeling in Construction Environments: Material Safety Data Sheets and GHS SDS" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
GHS Safety Data Sheets in Construction	Materials and their Hazards	GHS	1:26	MARCOM's Micro-Learning program on "GHS Container Labeling in Construction Environments: Materials and their Hazards" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
GHS Safety Data Sheets in Construction	Hazardous Materials Emergencies	GHS	3:04	MARCOM's Micro-Learning program on "GHS Container Labeling in Construction Environments: Hazardous Materials Emergencies" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.

Curriculum	Micro-Learning	Topic	Length	Short Product Description
GHS Safety Data Sheets in Construction	Handling Hazardous Materials	GHS	4:07	MARCOM's Micro-Learning program on "GHS Container Labeling in Construction Environments: Handling Hazardous Materials" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
GHS Safety Data Sheets in Construction	Other Important Information	GHS	1:55	MARCOM's Micro-Learning program on "GHS Container Labeling in Construction Environments: Other Important Information" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Hand and Power Tool Safety in Construction	Hand and Power Tool Hazards	Hand and Power Tool Safety	2:27	MARCOM's Micro-Learning program on "Hand and Power Tool Safety in Construction Environments: Hand and Power Tool Hazards" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Hand and Power Tool Safety in Construction	Tool Inspection and Maintenance	Hand and Power Tool Safety	2:32	MARCOM's Micro-Learning program on "Hand and Power Tool Safety in Construction Environments: Tool Inspection and Maintenance" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Hand and Power Tool Safety in Construction	Personal Protective Equipment (PPE)	Hand and Power Tool Safety	2:29	MARCOM's Micro-Learning program on "Hand and Power Tool Safety in Construction Environments: Personal Protective Equipment (PPE)" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Hand and Power Tool Safety in Construction	Using Electrical Power Tools Safely	Hand and Power Tool Safety	2:21	MARCOM's Micro-Learning program on "Hand and Power Tool Safety in Construction Environments: Using Electrical Power Tools Safely" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Hand and Power Tool Safety in Construction	Preventing Kickbacks	Hand and Power Tool Safety	1:32	MARCOM's Micro-Learning program on "Hand and Power Tool Safety in Construction Environments: Preventing Kickbacks" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Hand and Power Tool Safety in Construction	Reducing Hazards in Your Work Area	Hand and Power Tool Safety	1:49	MARCOM's Micro-Learning program on "Hand and Power Tool Safety in Construction Environments: Reducing Hazards in Your Work Area" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.

Curriculum	Micro-Learning	Topic	Length	Short Product Description
Hand, Wrist and Finger Safety in Construction Environment	The Hand's Design and Structure	Hand, Wrist and Finger Safety	1:56	MARCOM's Micro-Learning program on "Hand, Wrist and Finger Safety in Construction Environments: The Hand's Design and Structure" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Hand, Wrist and Finger Safety in Construction	Safe Work Practices	Hand, Wrist and Finger Safety	2:26	MARCOM's Micro-Learning program on "Hand, Wrist and Finger Safety in Construction Environments: Safe Work Practices" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Hand, Wrist and Finger Safety in Construction Environment	Preventing Ergonomic Injuries	Hand, Wrist and Finger Safety	3:03	MARCOM's Micro-Learning program on "Hand, Wrist and Finger Safety in Construction Environments: Preventing Ergonomic Injuries" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Hand, Wrist and Finger Safety in Construction Environment	Choosing Tools and Using Them Safely	Hand, Wrist and Finger Safety	3:02	MARCOM's Micro-Learning program on "Hand, Wrist and Finger Safety in Construction Environments: Choosing Tools and Using Them Safely" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Hand, Wrist and Finger Safety in Construction Environment	Selecting the Best Gloves for the Job	Hand, Wrist and Finger Safety	2:04	MARCOM's Micro-Learning program on "Hand, Wrist and Finger Safety in Construction Environments: Selecting the Best Gloves for the Job" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Hazard Communication in Construction Environment	Safety Data Sheets, Container Labels and the Written Hazard Communication	Hazard Communication	3:40	MARCOM's Micro-Learning program on "Hazard Communication in Construction Environments: Safety Data Sheets, Container Labels and the Written Hazard Communication Program" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Hazard Communication in Construction	Toxins, Corrosives and Irritants	Hazard Communication	2:00	MARCOM's Micro-Learning program on "Hazard Communication in Construction Environments: Toxins, Corrosives and Irritants" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.

Curriculum	Micro-Learning	Topic	Length	Short Product Description
Hazard Communication in Construction	Flammables, Combustibles and Gases	Hazard Communication	2:02	MARCOM's Micro-Learning program on "Hazard Communication in Construction Environments: Flammables, Combustibles and Gases" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Hazard Communication in Construction	Carcinogens and Radiation	Hazard Communication	2:17	MARCOM's Micro-Learning program on "Hazard Communication in Construction Environments: Carcinogens and Radiation" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Hazard Communication in Construction	Exposure Situations	Hazard Communication	3:36	MARCOM's Micro-Learning program on "Hazard Communication in Construction Environments: Exposure Situations" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Hazard Communication in Construction Environment	Personal Protective Equipment and Storage	Hazard Communication	2:00	MARCOM's Micro-Learning program on "Hazard Communication in Construction Environments: Personal Protective Equipment and Storage" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Hazard Communication in Construction	Spills and Cleanup	Hazard Communication	1:37	MARCOM's Micro-Learning program on "Hazard Communication in Construction Environments: Spills and Cleanup" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Heat Stress in Construction Environment	Heat and the Body's Cooling System	Heat Stress	2:32	MARCOM's Micro-Learning program on "Heat Stress in Construction Environments: Heat and the Body's Cooling System" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Heat Stress in Construction Environment	Heat-Related Illnesses	Heat Stress	2:46	MARCOM's Micro-Learning program on "Heat Stress in Construction Environments: Heat-Related Illnesses" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Heat Stress in Construction Environment	Treating Heat-Related Illnesses	Heat Stress	2:04	MARCOM's Micro-Learning program on "Heat Stress in Construction Environments: Treating Heat-Related Illnesses" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.

Curriculum	Micro-Learning	Topic	Length	Short Product Description
Heat Stress in Construction Environment	Preparing to Work in Hot Environments	Heat Stress	1:57	MARCOM's Micro-Learning program on "Heat Stress in Construction Environments: Preparing to Work in Hot Environments" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Introduction to GHS for Construction Workers	What is the Globally Harmonized System?	GHS	1:52	MARCOM's Micro-Learning program on "Introduction to GHS for Construction Workers: What is the Globally Harmonized System" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Introduction to GHS for Construction Workers	Why did OSHA Adopt the GHS?	GHS	2:38	MARCOM's Micro-Learning program on "Introduction to GHS for Construction Workers: Why Did OSHA Adopt the GHS" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Introduction to GHS for Construction Workers	Hazard Classification	GHS	3:04	MARCOM's Micro-Learning program on "Introduction to GHS for Construction Workers: Hazard Classification" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Introduction to GHS for Construction Workers	The Safety Data Sheet	GHS	2:39	MARCOM's Micro-Learning program on "Introduction to GHS for Construction Workers: The Safety Data Sheet" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Introduction to GHS for Construction Workers	Container Labeling (Text Elements)	GHS	3:05	MARCOM's Micro-Learning program on "Introduction to GHS for Construction Workers: Container Labeling (Text Elements)" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Introduction to GHS for Construction Workers	Container Labeling (Pictograms)	GHS	1:57	MARCOM's Micro-Learning program on "Introduction to GHS for Construction Workers: Container Labeling (Pictograms)" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Introduction to GHS for Construction Workers	Information and Training	GHS	0:55	MARCOM's Micro-Learning program on "Introduction to GHS for Construction Workers: Information and Training" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.

Curriculum	Micro-Learning	Topic	Length	Short Product Description
Introduction to GHS for Construction Workers	GHS Phase-In Dates	GHS	1:33	MARCOM's Micro-Learning program on "Introduction to GHS for Construction Workers: GHS Phase-In Dates" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Ladder Safety in Construction Environment	Selecting the Proper Ladder	Ladder Safety	1:34	MARCOM's Micro-Learning program on "Ladder Safety in Construction Environments: Selecting the Proper Ladder" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Ladder Safety in Construction Environment	Inspecting Ladders Before Use	Ladder Safety	1:19	MARCOM's Micro-Learning program on "Ladder Safety in Construction Environments: Inspecting Ladders Before Use" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Ladder Safety in Construction Environment	Setting Up and Moving Ladders	Ladder Safety	1:57	MARCOM's Micro-Learning program on "Ladder Safety in Construction Environments: Setting Up and Moving Ladders" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Ladder Safety in Construction Environment	Climbing Ladders	Ladder Safety	2:22	MARCOM's Micro-Learning program on "Ladder Safety in Construction Environments: Climbing Ladders" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Ladder Safety in Construction Environment	Working on Ladders	Ladder Safety	2:05	MARCOM's Micro-Learning program on "Ladder Safety in Construction Environments: Working on Ladders" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Ladder Safety in Construction Environment	Ladder Accidents	Ladder Safety	1:13	MARCOM's Micro-Learning program on "Ladder Safety in Construction Environments: Ladder Accidents" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Lead Exposure in Construction Environment	The Health Effects of Lead Exposure	OSHA Lead Standards	2:00	MARCOM's Micro-Learning program on "Lead Exposure in Construction Environments: The Health Effects of Lead Exposure" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.

Curriculum	Micro-Learning	Topic	Length	Short Product Description
Lead Exposure in Construction Environments	The OSHA Lead Standard and Compliance Programs	OSHA Lead Standards	2:59	MARCOM's Micro-Learning program on "Lead Exposure in Construction Environments: The OSHA Lead Standard and Compliance Programs" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Lead Exposure in Construction Environments	Risk Assessment and Monitoring	OSHA Lead Standards	4:40	MARCOM's Micro-Learning program on "Lead Exposure in Construction Environments: The OSHA Lead Standard and Compliance Programs" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Lead Exposure in Construction Environment	PPE and Respiratory Protection	OSHA Lead Standards	2:00	MARCOM's Micro-Learning program on "Lead Exposure in Construction Environments: PPE and Respiratory Protection" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Lead Exposure in Construction Environment	Housekeeping and Decontamination	OSHA Lead Standards	3:27	MARCOM's Micro-Learning program on "Lead Exposure in Construction Environments: Housekeeping and Decontamination" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Lead Exposure in Construction Environment	Medical Surveillance and Removal	OSHA Lead Standards	2:52	MARCOM's Micro-Learning program on "Lead Exposure in Construction Environments: Medical Surveillance and Removal " provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Personal Protective Equipment in Construction	General Requirements	Personal Protective Equipment	2:11	MARCOM's Micro-Learning program on "Personal Protective Equipment in Construction Environments: General Requirements" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Personal Protective Equipment in Construction	Head Protection	Personal Protective Equipment	1:27	MARCOM's Micro-Learning program on "Personal Protective Equipment in Construction Environments: Head Protection" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.

Curriculum	Micro-Learning	Topic	Length	Short Product Description
Personal Protective Equipment in Construction	Eye and Face Protection	Personal Protective Equipment	2:46	MARCOM's Micro-Learning program on "Personal Protective Equipment in Construction Environments: Eye and Face Protection" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Personal Protective Equipment in Construction	Respiratory Protection	Personal Protective Equipment	2:34	MARCOM's Micro-Learning program on "Personal Protective Equipment in Construction Environments: Respiratory Protection" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Personal Protective Equipment in Construction	Hand Protection	Personal Protective Equipment	2:49	MARCOM's Micro-Learning program on "Personal Protective Equipment in Construction Environments: Hand Protection" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Personal Protective Equipment in Construction	Foot and Leg Protection	Personal Protective Equipment	1:59	MARCOM's Micro-Learning program on "Personal Protective Equipment in Construction Environments: Foot and Leg Protection" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Personal Protective Equipment in Construction	Personal Fall Protection	Personal Protective Equipment	2:04	MARCOM's Micro-Learning program on "Personal Protective Equipment in Construction Environments: Personal Fall Protection" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Rigging Safety in Construction Environment	OSHA Regulations	Rigging Safety	2:51	MARCOM's Micro-Learning program on "Rigging Safety in Construction Environments: OSHA Regulations" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Rigging Safety in Construction Environment	Hand Signals	Rigging Safety	2:30	MARCOM's Micro-Learning program on "Rigging Safety in Construction Environments: Hand Signals" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Rigging Safety in Construction Environment	Slings	Rigging Safety	2:30	MARCOM's Micro-Learning program on "Rigging Safety in Construction Environments: Slings" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.

Curriculum	Micro-Learning	Topic	Length	Short Product Description
Rigging Safety in Construction Environment	Hitches	Rigging Safety	2:46	MARCOM's Micro-Learning program on "Rigging Safety in Construction Environments: Hitches" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Rigging Safety in Construction Environment	Sling Angles	Rigging Safety	4:28	MARCOM's Micro-Learning program on "Rigging Safety in Construction Environments: Sling Angles" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Rigging Safety in Construction Environment	Making the Lift	Rigging Safety	2:35	MARCOM's Micro-Learning program on "Rigging Safety in Construction Environments: Making the Lift" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Safe Lifting in Construction Environments	The Back's Structure and Function	Safe Lifting	2:57	MARCOM's Micro-Learning program on "Safe Lifting in Construction Environments: The Back's Structure and Function" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Safe Lifting in Construction Environments	Preparing for a Lift	Safe Lifting	4:11	MARCOM's Micro-Learning program on "Safe Lifting in Construction Environments: Preparing for a Lift" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Safe Lifting in Construction Environments	The Mechanics of Safe Lifting	Safe Lifting	2:56	MARCOM's Micro-Learning program on "Safe Lifting in Construction Environments: The Mechanics of Safe Lifting" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Safe Lifting in Construction Environments	Below the Waist Lifting	Safe Lifting	2:52	MARCOM's Micro-Learning program on "Safe Lifting in Construction Environments: Below the Waist Lifting" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Safe Lifting in Construction Environments	Planning a Carry	Safe Lifting	1:17	MARCOM's Micro-Learning program on "Safe Lifting in Construction Environments: Planning a Carry" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.

Curriculum	Micro-Learning	Topic	Length	Short Product Description
Safety Orientation in Construction	Preparing Mentally for the Job	Safety Orientation	1:55	MARCOM's Micro-Learning program on "Safety Orientation in Construction Environments: Preparing Mentally for the Job" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Safety Orientation in Construction Environment	Safety Housekeeping and Accident Prevention	Safety Orientation	1:43	MARCOM's Micro-Learning program on "Safety Orientation in Construction Environments: Safety Housekeeping and Accident Prevention" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Safety Orientation in Construction	Personal Protective Equipment	Safety Orientation	3:37	MARCOM's Micro-Learning program on "Safety Orientation in Construction Environments: Personal Protective Equipment" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Safety Orientation in Construction	Safe Work Practices	Safety Orientation	2:42	MARCOM's Micro-Learning program on "Safety Orientation in Construction Environments: Safe Work Practices" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Safety Orientation in Construction	Preparing for Emergencies	Safety Orientation	2:15	MARCOM's Micro-Learning program on "Safety Orientation in Construction Environments: Preparing for Emergencies" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Slips, Trips and Falls in Construction Environment	Center of Gravity and Maintaining Balance	Slips, Trips and Falls	2:29	MARCOM's Micro-Learning program on "Slips, Trips and Falls in Construction Environments: Center of Gravity and Maintaining Balance" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Slips, Trips and Falls in Construction Environment	Slips, Trips and Falls	Slips, Trips and Falls	2:38	MARCOM's Micro-Learning program on "Slips, Trips and Falls in Construction Environments: Slips, Trips and Falls" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Slips, Trips and Falls in Construction Environment	Walking Surfaces	Slips, Trips and Falls	2:38	MARCOM's Micro-Learning program on "Slips, Trips and Falls in Construction Environments: Walking Surfaces" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.

Curriculum	Micro-Learning	Topic	Length	Short Product Description
Slips, Trips and Falls in Construction Environment	Housekeeping and Maintenance	Slips, Trips and Falls	2:42	MARCOM's Micro-Learning program on "Slips, Trips and Falls in Construction Environments: Housekeeping and Maintenance" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Slips, Trips and Falls in Construction Environment	Footwear	Slips, Trips and Falls	1:29	MARCOM's Micro-Learning program on "Slips, Trips and Falls in Construction Environments: Footwear" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Slips, Trips and Falls in Construction Environment	How to Fall "Properly" and First Aid	Slips, Trips and Falls	1:55	MARCOM's Micro-Learning program on "Slips, Trips and Falls in Construction Environments: How to Fall "Properly" and First Aid" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Struck-By Hazards in Construction Environment	What are 'Struck-By' Hazards?	Struck-By Hazards	2:49	MARCOM's Micro-Learning program on "Struck-By Hazards in Construction Environments: What are 'Struck-By Hazards?'" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Struck-By Hazards in Construction Environment	Personal Protective Equipment	Struck-By Hazards	2:55	MARCOM's Micro-Learning program on "Struck-By Hazards in Construction Environments: Personal Protective Equipment" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Struck-By Hazards in Construction Environment	Traffic Safety	Struck-By Hazards	2:27	MARCOM's Micro-Learning program on "Struck-By Hazards in Construction Environments: Traffic Safety" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Struck-By Hazards in Construction Environment	Heavy Equipment	Struck-By Hazards	1:56	MARCOM's Micro-Learning program on "Struck-By Hazards in Construction Environments: Heavy Equipment" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Struck-By Hazards in Construction Environment	Hand and Power Tools	Struck-By Hazards	2:14	MARCOM's Micro-Learning program on "Struck-By Hazards in Construction Environments: Hand and Power Tools" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.

Curriculum	Micro-Learning	Topic	Length	Short Product Description
Struck-By Hazards in Construction Environments	Masonry Walls, Overhead Work and Building Materials	Struck-By Hazards	2:41	MARCOM's Micro-Learning program on "Struck-By Hazards in Construction Environments: Masonry Walls, Overhead Work and Building Materials" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Suspended Scaffolding Safety in Construction	About Suspended Scaffolds	Scaffolding Safety	2:41	MARCOM's Micro-Learning program on "Suspended Scaffolding Safety in Construction Environments: About Suspended Scaffolds" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Suspended Scaffolding Safety in Construction	Suspension Devices	Scaffolding Safety	2:50	MARCOM's Micro-Learning program on "Suspended Scaffolding Safety in Construction Environments: Suspension Devices" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Suspended Scaffolding Safety in Construction	Ropes	Scaffolding Safety	3:54	MARCOM's Micro-Learning program on "Suspended Scaffolding Safety in Construction Environments: Ropes" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Suspended Scaffolding Safety in Construction	Platforms	Scaffolding Safety	1:49	MARCOM's Micro-Learning program on "Suspended Scaffolding Safety in Construction Environments: Platforms" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Suspended Scaffolding Safety in Construction	Safe Work Practices	Scaffolding Safety	1:59	MARCOM's Micro-Learning program on "Suspended Scaffolding Safety in Construction Environments: Safe Work Practices" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Suspended Scaffolding Safety in Construction	Fall Protection	Scaffolding Safety	4:03	MARCOM's Micro-Learning program on "Suspended Scaffolding Safety in Construction Environments: Fall Protection" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Trenching and Shoring in Construction	The Hazards of Trenching	Trenching and Shoring	3:12	MARCOM's Micro-Learning program on "Trenching and Shoring in Construction Environments: The Hazards of Trenching" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.

Curriculum	Micro-Learning	Topic	Length	Short Product Description
Trenching and Shoring in Construction Environment	The Competent Person and Inspecting the Worksite	Trenching and Shoring	3:19	MARCOM's Micro-Learning program on "Trenching and Shoring in Construction Environments: The Competent Person and Inspecting the Worksite" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
Trenching and Shoring in Construction	Soil Types and Protective Systems	Trenching and Shoring	3:24	MARCOM's Micro-Learning program on "Trenching and Shoring in Construction Environments: Soil types and Protective Systems" provides employees with specific facts about this topic. These targeted 2 - 4 minute video "info-nuggets" focus on a single skill or topic area that employees need to understand to work safely.
