

Wyatt Ramey is a Health, Safety and Environmental consultant focused on supporting clients with industrial hygiene and environmental services.

He graduated from Kent State University with a degree in Environmental Studies and completed a Safex internship in Summer 2023.

Wyatt has completed training in the following areas: CPR/First Aid, Hazardous Waste Management (RCRA), and DOT requirements for shipping hazardous materials. He is interested in pursuing a Certified Hazardous Material Manager (CHMM) certification and possibly a Certified Industrial Hygienist (CIH) certification in the future.
